The team of Arnim Kuchhal, Etash Jhanji, Rohit Velankar, and Varad Sant won \$2,000 to further STEM education at the high school.

FCAHS TEAM A TRUE 'POWERHOUSE'

A team of four Fox Chapel Area High School sophomores placed second in the high school division of the Powering Pittsburgh competition. The team members were Etash Jhanji, Arnim Kuchhal, Varad Sant, and Rohit Velankar. The students were asked to reimagine the way the City of Pittsburgh and/or Acrisure Stadium are powered.

The Mean Greens (named after legendary Steeler "Mean" Joe Greene), developed a way to power the city in an environmentally friendly and renewable way, as well as making the stadium more efficient to promote green and renewable energy. This is the second consecutive year that this group has won an award in the Powering Pittsburgh competition.
