

Fox Chapel Area School District STEAM Summer Camps are back for another exciting week of learning for students entering grades 1-9. As we infuse Science, Technology, Engineering, the Arts, and Mathematics into our students' academic lives during the school year, it is clear that the level of engagement is worthy of some summer time fun!

This year's camp topics include: nature exploration, film-making, rocket science, escape rooms, coding, edible experiments, video game design, design challenges, coding, digital art, and more! The base cost for camps is \$225 per camper for the entire week (June 17 - June 21). Camps that require additional admission fees to field trip destinations are priced to reflect the admission fees. Please register early, as our camps are strictly limited to small groups of students. Tickets go on sale March 19th through Eventbrite - see link below! In addition to camp registration, the Eventbrite page offers a donation option. Donations are fully tax deductible and will help make students who receive free and reduced lunch take part in the FCASD STEAM Summer Camp at no cost to their families! The first \$1,000 of donations will be matched. Thank you in advance for considering!

Registration begins Tuesday, March 19th at 10am!
