

FOX CHAPEL AREA SCHOOL DISTRICT

SECTION: PROPERTY

TITLE: INTEGRATED PEST
MANAGEMENT

ADOPTED: May 10, 2010

REVISED:

716. INTEGRATED PEST MANAGEMENT	
<p>1. Purpose</p> <p>Title 22 Sec. 4.12 Pol. 102</p>	<p>The school district shall utilize integrated pest management procedures to manage structural and landscape pests and the toxic chemicals used for their control in order to alleviate pest problems with the least possible hazard to people, property and the environment.</p> <p>The district shall integrate IPM education into the curriculum in accordance with relevant academic standards.</p>
<p>2. Definitions</p> <p>SC 772.1</p>	<p>Integrated Pest Management (IPM) is the coordinated use of pest and environmental information to design and implement pest control methods that are economically, environmentally and socially sound. IPM promotes prevention over remediation and advocates integration of at least two (2) or more strategies to achieve long-term solutions.</p> <p>Integrated Pest Management Plan is a plan that establishes a sustainable approach to managing pests by combining biological, cultural, physical and chemical tools in a way that minimizes economic, health and environmental risks.</p>
<p>3. Authority</p> <p>3 Pa. C.S.A. Sec. 111.21 et seq Title 7 Chapter 128</p> <p>SC 772.1</p>	<p>The Board establishes that the school district shall use pesticides only after consideration of the full range of alternatives, based on analysis of environmental effects, safety, effectiveness and costs.</p> <p>The Board shall adopt an Integrated Pest Management Plan for district buildings and grounds that complies with policies and regulations promulgated by the Department of Agriculture.</p>

<p>4. Delegation of Responsibility</p> <p>SC 772.2</p>	<p>The Superintendent or designee shall be responsible to implement integrated pest management procedures and to coordinate communications between the district and the approved contractor.</p> <p>The Superintendent, Coordinator of Ancillary Services or designee shall be responsible to annually notify parents/guardians of the procedures for requesting notification of planned and emergency applications of pesticides in school buildings and on school grounds.</p> <p>Appropriate personnel involved in making decisions relative to pest management shall participate in update training.</p>
<p>5. Guidelines</p> <p>SC 772.2</p>	<p>Pest management strategies may include education, exclusion, sanitation, maintenance, biological and mechanical controls, and site appropriate pesticides.</p> <p>An integrated pest management decision shall consist of the following five (5) steps:</p> <ol style="list-style-type: none"> 1. Identify pest species. 2. Estimate pest populations and compare to established action thresholds. 3. Select the appropriate management tactics based on current on-site information. 4. Assess effectiveness of pest management. 5. Keep appropriate records. <p>An Integrated Pest Management Plan shall include the education of staff, students and the public about IPM policies and procedures.</p> <p>When pesticide applications are scheduled in school buildings and on school grounds, the district shall provide notification in accordance with law, including:</p> <ol style="list-style-type: none"> 1. Posting a pest control sign in an appropriate area. 2. Providing the pest control information sheet to all individuals working in the school building. 3. Providing required notice to all parents/guardians of students or to a list of parents/guardians who have requested notification of individual applications of pesticides.

SC 772.2	Where pests pose an immediate threat to the health and safety of students or employees, the district may authorize an emergency pesticide application and shall notify by telephone any parent/guardian who has requested such notification.
SC 772.2	<p>The district shall maintain detailed records of all chemical pest control treatments for at least three (3) years. Information regarding pest management activities shall be available to the public at the district's administrative office.</p> <p>The Integrated Pest Management Plan will observe the following guidelines:</p> <ol style="list-style-type: none">1. Pesticides will be applied discriminately and only when needed.2. Professional, licensed contractors that are state certified will be used to maintain grounds related to pest control.3. If application of pesticides, herbicides or insecticides is needed, it will be done when outside areas are not in use by the district and not in the buildings when school is in session.4. Contractors will check enrollment of the state's hypersensitivity list and notify anyone on that list that may be sensitive and may potentially come into contact with substance applied.5. Anyone enrolled on the state's hypersensitivity list will be granted an excused absence if exposure to substance applied is determined to be potentially adverse to their health condition.6. The district will maintain sanitary conditions and repair defects in the building structures in order to reduce the need for pesticides.7. The district will implement cultural, non-chemical, practices which inhibit and reduce pest infestation.8. The district will monitor the presence of pests or insect activity in order to take proactive environmentally sound actions.9. Sticky traps and live traps will be used to monitor the presence of insect or rodent activity with less reliance on use of rodenticides.10. Install screens to aid in exclusion of certain insects.

<p>Title 22 Sec. 4.12</p> <p>School Code 772.1, 772.2</p> <p>Title 7 Chapter 128</p> <p>3 Pa. C.S.A. Sec. 111.21 et seq</p> <p>Board Policy 102</p>	<p>11. Position garbage containers away from food service area and maintain closed lids at all times.</p> <p>12. Enclose and seal openings around doors, windows and utility lines to prevent insect or rodent entrance.</p>
